The Tower

1952

University School

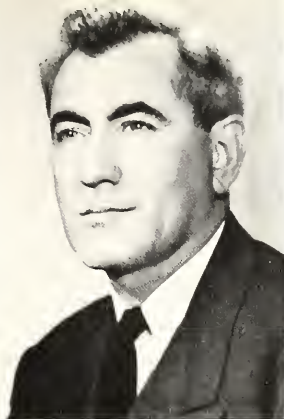

Carbondale, Illinois

The yearbook staff of 1952 proudly dedicates this yearbook to Mr. Elbert Fulkerson. This year, when he left for a new position, University School lost one of its most outstanding teachers. In the years he taught, he demanded exactness and high standards of work. In return, his students developed habits which will aid them all their lives. He showed a sincere concern for each student. This interest was just one of his innumerable qualities. He was a master of many subjects, besides the classes he taught. We are very sorry that future students will not have the privilege of being taught by Mr. Fulkerson.

We of the senior class feel that we have been honored more than any class can ever be. All our lives, when we see our new building, we will be proud that we were members of its first graduating class. Though we are honored, we are also sorry we shall not be able to spend more years within its walls. This year when we entered the building, we felt like freshmen again, completely lost. When we graduate, we hope we shall not be completely lost from the rest of our schoolmates.

Student Council

The members of the Student Council have worked hard this year for the betterment of University School. It was this organization that planned and made the Homecoming celebration possible. The Student Council was in charge of the many elections held throughout the year. The March of Dimes drive, which collected more money than any previous year, was sponsored by the Council. The sponsoring of the receptionists and the all-school parties, the organization of the lost-found department and a parking system, collecting tickets at games, allotting the activity fund, and trying to solve problems of both the students and faculty were a part of the numerous activities of the Student Council.

Mr. Jean Fligor was the sponsor; Martha Morrison was the President; Dorothy Young was the Vice-President; and Louise Camp was the Secretary-Treasurer.
